LONG BEACH PRE'S TELEG.AL ISSUES FINE 14-PAGE NAVY DAY SUPPLEMENT The Long Beach Press Telegram in its edition of last Friday included a 14 page special suplement de 151 and aviators who had gone 14, dicated to the Navy in honor of their regular weather observation Navy Day. The issue was replete with news stories of various sorts, pictures of all ranking officers and many ships, detailed accounts of the Navy's particular activities with many compiementary references and tributes on nearly every page.

Lieut. Tom Hamilton begins today the assembling of the material for his West Coast Navy team that is to play the San Diego Larines for the President's cup. Ensigns
Magruder; "Gridder" Tuttle; "Blimp"
Bowstrom, "Soupy" Compbell, and "Bullet Lou" Kirn are expected to be among his aids in choosing and coaching the team. Efforts are being made to have the date of the Marine game moved back from 26 Nov, to 3 December to give the Navy squad a little more time for conditioning. Some 32 linemen who tried out for last year's great term and 18 former backfield men are expected to be on the squad when it is assembled.

MACON, HOME AFTER 50 HOURS OVER SOUPY SEA, ENDS 1ST WEST COAST HOP

After flying for 50 hours above a. sea of imponetrable fog that hid from them cay glimpse of the land or the sea, with only an occasional view of a mountain peak that pierced the soupy sea over which they whirred, the Macon seemed happy to he home again on Saturday evening from hor first trip away from her California hangar. The only persons who reported they saw her at Long Beach or San Diego were the North Island aviators who had gone 14, their regular weather observations. The Macon sailed with 14 officers and 56 men and 10 vivilians when she left here on Thursday with approximately 35,000 pounds of water ballast; 70,000 pounds of fuel, besides thousands of pounds of other supplies including drinking water and food.

ADMI AL SELLERS SAID TO BE SLATED TO HEAD NAVAL ACADEMY NEXT AUGUST

It is likely that Admiral David F. Sellers, present commander-in-Chief of the United States fleet, Chief of the United States fleet, to volunteer for certain death, will go to Annapolis to take up according to a Towio dispatch to his duties as superintendent of the the Daily Herald. Recruiting will academy next August, when his term start in the new year for men pre-as commander of the fleet expires. pared to act as "Human torpedoes" He will then revert back to rear admiral, the only permanent high rank in our navy. Admiral Sellers volunteers for this death brigade has held some of the most important was made when it become known Japbillets in the navy. He was the anese naval engineers have perfering tormander of the local train-ted a new type of torpedo fitted ing station, went to the scouting force as chief of staff to the late Admiral Ashley H. Robertson, former commandant here, and then ched from the Japanese s was commander of the special servesity can hit the mark. ice squadron, and still later judge advocate general of the navy. He served as commander of battleskips, and as commander-in-chief of the United States fleet. (From San Diego evening Tribune) SWILMING CUP FIRST GIVEN BY PRES. FOR ATLANTIC NOW FOR U.S. FLEET When he was assistant secretary of the Navy, President Roosevelt donated a large silver cup that was to be presented for excellence in swimming, an exercise in athletic competition that has been foremost in the president's career for many years. The cup is engraved as folllows: "Trophy for excellence in swimming, presented by Franklin D. Roosevelt, assistant secretary of the navy, to the battleship of the the navy, to the battlesnip or who Atlantic fleet, excelling in annual competition". When the trophy was presented, there had been no divis-ion of the fleet, and there were no battleships permanently stationed in the Pacific. Since the navy is located in Pacific coast waters, the president has given permission to have the wording changed to "United States fleet", in order that competition may be resumed. and the party and the same and the same and the same and the

The sea lawyer was standing by for a summary court martial, but seemed highly confident of the final outcome.

"I'll make out all right," he assured one of his pals. "This is going to a battle of brains".

"3h, yeah!" was the reply. "Then what are you going to use for ammunition?" - (Our Navy).

ASKING MEN TO DIE RIDING IN TORPEDOES FOR JAPANESE NAVY

London, (I.N.S.) Japanese naval men are to be asked in naval engagements, according to the Herald. The decision to invite anese naval engineers have perfecwith a steering gear and having room for a steersman. The volunteer will be in the torpedo when it is launched from the Japanese ship and

GRIEF FOR BLACK BOTTOM MELTS IN ODE; SNOWSHOES LALENTS AND VAITS

The pent-up grief accasioned by the kidnapping a week ago of our Black Bottom, the inky tigress of the hangar .jungles, has at last broken out in verse and one hardy spirit thamenting under the nom-de-plumee of Snowshoes sends the following dirgeful ode to the Zero Hour:

To A Cat

There was a cat of somber hue But of a nature gay, She stood each watch with J-4's crew

Both of the night and day But some benighted so-and-so Has stole our cat away.

That will conclude this direful tale

But one thing I will say: Collectively the J-ship gang Anticipates the day When we will meet the scurvy guy Who stole our cat away.

NAVY MAN WINS \$100,000

Cakland, (A,P.) Lieut. Charles E. McDonald, 33, United States navy officer and engineering student at the University of California, won a jury verdict for \$100,000 here for injuries received when a fly wheel broke apart in an Oakland factory last Junary. The verdict was against the Standard Gas Engineering company of Oakland and its president Charles A. Winslow. Lieut. Louis D. Sharp, injured in the same accident, has a \$50,000 damage suit pending.
